MAKE THE IMPOSSIBLE POSSIBLE WITH XERO

With the help of leading practice management software provider Houston Medical, specialist Cloud application integrator Surgical Partners and experienced accounting firm Alliot NZ, you have the power to make a real difference in your medical practice.

HOW?

Together we work with you and the wider practice team to: successfully integrate Xero accounting software and its powerful healthcare management Add-ons into your practice; implement solutions that can transform the way you interact with each other and your patients; and continually improve what you have put in place. ●

WHAT OUR CUSTOMERS SAY...

"Alliott NZ have helped me to establish a profitable healthcare practice by assisting my team with the initial set up of my administrative systems and processes, and by providing me with sound business advice when I've needed it."

**SIRO FUATAI,
DOCTOR, BADER DRIVE
HEALTHCARE**

"Surgical Partners has transformed our practice to a level of paperless efficiency we did not know was possible. Our staff have a new lease on their work lives and we have never been more informed about our business."

MARGARET KEARNS, DIRECTOR, FOCUS EYE CENTRE

"Our investment in Houston Medical software has been well worth it as administrative efficiency has improved significantly. I would recommend it to other Practices."

**MONIQUE MORRISON,
